

RECEPTION

RECEPTION

Coming up next week...13/3/2023

***We would like to confirm that homework will be collected on Thursday and not Monday.
Apologies for the confusion!***

Don't forget that it is Red Nose Day this Friday (17th) and that the children are invited to wear something red or something from the Red Nose Day campaign along with their school uniform. We are planning to have a laughathon on the day and would like the children to learn a funny joke to share with the class. Please can they learn and practise their joke ready for Friday.

Correction to date- To finish our dinosaur topic and celebrate all the wonderful learning the children have done - we would like to invite parents/carers to come and view our dinosaur museum on Thursday 30th March at 2.30pm.

We would appreciate donations of bottle tops and lids eg pringle lids, metal jar lids, laundry liquid pourer lids.

Learning in school:

Theme for the Term: Dangerous Dinosaurs!

We are going back in time to widen our knowledge about dinosaurs. We will be looking at the similarities and differences between the dinosaurs, their size and features. We will also be learning facts using non-fiction books and learning how to look after dinosaurs.

Theme for the Week: 'What have we learnt about dinosaurs?'

This week, we will be recapping over facts we have learnt and will be learning more facts about some different dinosaurs. We will be learning to retrieve answers from a short text and then will be working on creating our own information booklets/ fact files about a dinosaur. The children will be focusing on using finger spaces between words and full stops to finish a sentences.

Phonics:

This week we will be continuing to practise reading longer words and will also be learning to read words ending with 'ing' and compound words (two words that you can put together to make a new word) e.g. farmyard- farm/yard or lunchbox-lunch/box.

Maths:

We will be learning all about length and height. The children will be learning to use correct terminology e.g. 'longer and shorter' for length and 'taller and shorter' for height.

Additional notes and reminders

Maths homework: the maths homework for this half term is focused around domino games, please complete a different game each week.
There will also be a phonics homework sheet.

Class email addresses:

turtles@mead.surrey.sch.uk

starfish@mead.surrey.sch.uk

jellyfish@mead.surrey.sch.uk

Please note that as the week progresses it is sometimes necessary to change what is planned to meet the learning needs of the children and therefore changes to the above may occur.
