

# YEAR 1

# YEAR 1

*Coming up next week...*

**25.03.24**

***Last day of Spring term: 28.3.24***

***First day of Summer term: 15.3.24***

### **Maths**

Continuing our work on measuring, this week we will be learning about mass. We will be comparing 2 objects using the terms: lighter than and heavier than. Then we will be exploring the use of bucket scales and learning how to use them to measure the mass of an object. We start with using non standard units for example cubes and then start to discuss the standard unit- grams.

### **English**

We will be revising our learning on instruction writing. The children will use the context of a game to reinforce the key features of the non fiction focus. They will need to write a list of: what you need, and then write clear, concise, numbered step by step instructions. Please look at any instructions you have for games at home.

### **Phonics and Reading**

This will be an assessment week for phonics and we will be reading 1:1 too. Please keep reading at home and record comments on Boom reader.

### **Topic**

In History and RE the children will get the opportunity to celebrate all they have learned in these subjects over the last few weeks by showcasing their work in their own chosen way.

Science- We will be investigating the question: do all trees lose their leaves? We will use our knowledge about the seasons and the structure of a plant as we sort leaves and match them to their tree.

PSHE- We will be learning about first aid.

Art- This will be week 2 of our large collaborate 3D paper sculpture.

PE - Due to only having 4 days this week we will only have one PE session.

*Additional notes and reminders*

*Thank you for all the newspaper donations. We don't need any more.*

*email addresses:*
